THE YOUGH-A-MON 1931

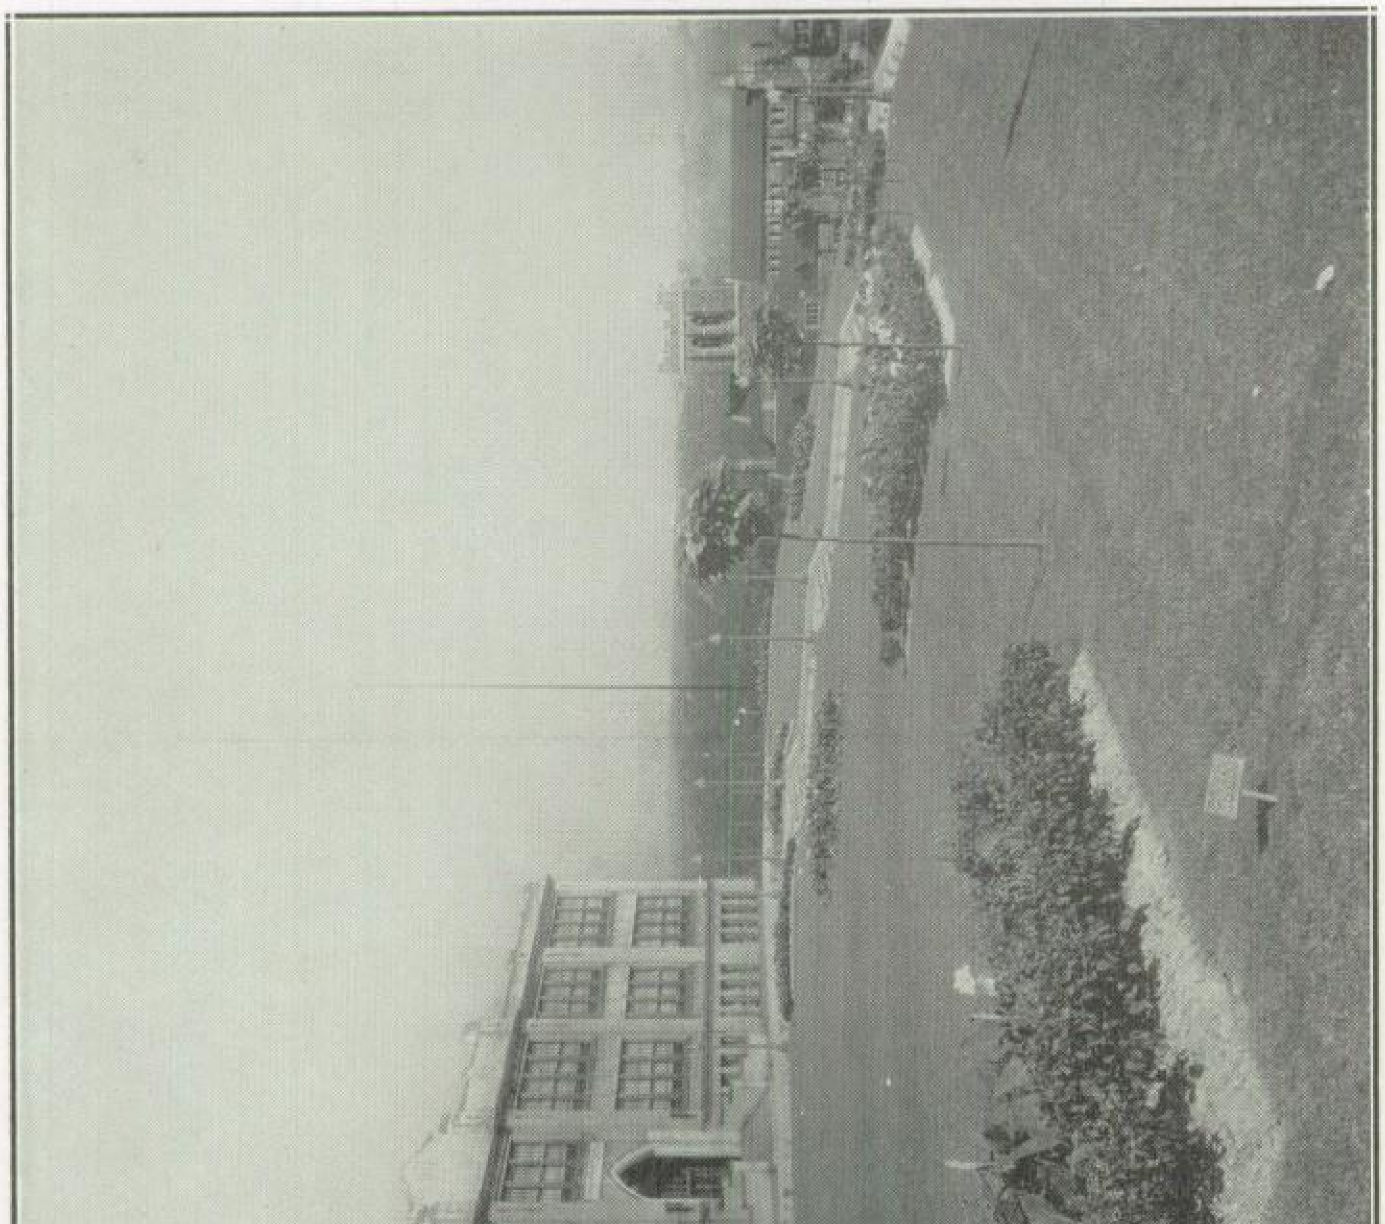

ALMA MATER

"In this laborious world of ours, tumultuous with toil and struggle,
Among hurrying crowds stand before us, Alma Mater, face to face."

The 1931 YOUGH A MON

The Student activities at McKeesport High School • • McKeesport Penn.

THE CAMPUS

"A thing of beauty is a joy forever, its loveliness increases;
It will never pass into nothingness."

The Red and Blue

Hail! Alma Mater's colors proudly flying,
Red and the Blue, we pledge to thee our love.
Dearer to us than crimson deep or purple.
Guide of our way, as true as stars above.

Emblem we love, thy colors softly blended
Speak of the life that all thy sons must share,
Red for the sun whose beams are shining on us,
Blue for the sky, so bright and so fair.

Chorus.
Though some love the Blue and Gray,
And others a gleam of gold.
The flash of the green o'er silver and sheen,
Displayed when the flag's unfold;
Whatever the shade may be
That keeps others brave and true,
Though colors are many, you'll not find
That any compare with the Red and Blue.

DEDICATION

to

Miss Margaret Dunlap

Because of her sterling character, her sympathetic nature, her breadth of vision and service to the school, the staff dedicates this fourteenth volume of the "Yough-a-Mon."

FOREWORD

TIME heeds not the voice that bids it stay, but rolling on, leaves only fond memories of happy days gone by. This book is for remembrance. It has been made so that you who read may have a record of happy days spent here, of fine friendships and of noble ideals. Though the passage of the years may change these merry-eyed classmates into serious men and women, yet this volume will forever be a mirror of youth, dauntless, unafraid, with all its joy of living, its expectations, and high resolutions.

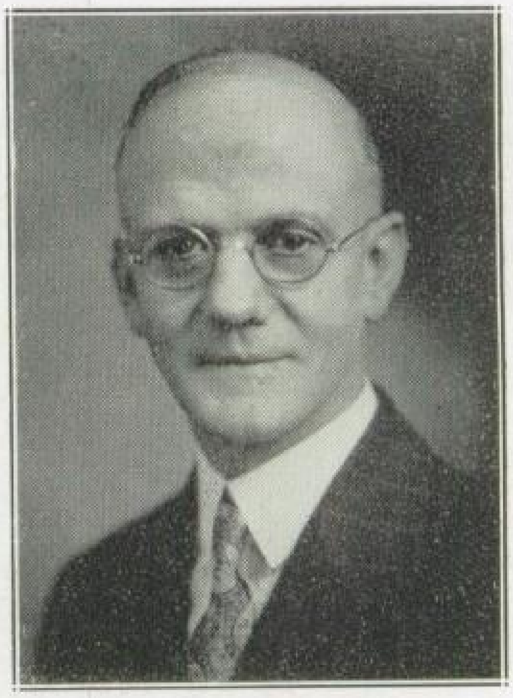

To you who read
Greeting!

JOSEPH B. RICHEY, LL.D.
Superintendent of Schools.

A TOAST

Adieu, oh loyal seniors,
As from this school we part;
And when your days are numbered
May old memories warm our heart.

We leave this port of learning
To face the billows of the world;
But keep a stout heart, Seniors,
That we may win like knights of old.

Our dear old Alma Mater
Sends her wishes forth to us
For a bright and prosperous voyage;
And she bids us all,—adieu!

The 1931 Class History

"ALL the world is but a stage, where every man must play a part."

Memory recalls to our minds those days we spent together as co-stars upon the stage of our high school career. Joys and sorrows, triumphs and defeats—all mingle to bring fond recollections in days far distant.

The curtain rose on September 7, 1927, which indicated the beginning of scene one, our days as Freshmen. That scene brought events that stand out in the entire school history. Among these were the struggle and triumph of a school bond issue, the dedication of the Memorial Stadium, and the organization of a band. We received special vocational instruction by experts. The members of our class gratefully appreciated the activities of the football and basketball seasons. School literature came in the form of the "Red and Blue" and the "Yough-a-Mon." We who were socially inclined found pleasure in the Hi-Y and Girl Reserve societies, while those liking music joined one of the glee clubs or one of the orchestras. We experienced real happiness with the presentation of the French play and the operetta by the upper-classmen. Our thrifty natures resorted to banking. The only actions to mar that scene were three sets of examinations.

Scene two, our Sophomore year, seemed but a prolongation of the preceding scene. Interests and activities were centered on practically the same diversions. We continued to share in the toils and pleasures of high school days.

We reached new heights of achievement as Juniors in scene three. We attained the one-hundred per cent goal in banking. As members of the acting forces, we were co-sponsers of an art exhibit, the proceeds of which were used to purchase pictures for the classrooms. An impersonator of Abraham Lincoln entertained us in chapel on that hero's birthday. The Girl Reserves and Hi-Y boys presented the play "Seventeen" to a highly-appreciative audience. With the receipt of our class rings the fact that we would soon be Seniors dawned upon us.

Seniors! How we looked forward to bearing that name! Scene four of our drama was soon under way. Class officers were elected, and committees appointed early in the year. Our class held the first Valentine dance ever given by Seniors. The retinue of concerts and operetta had our hearty support. But the time draws near to the last official activity of the class—the Senior Prom. A more advanced and more open field of endeavor will shortly be ours, yet memory lingers on in the haunts of former pleasures.

As the curtain falls, it brings to a close our contribution to the school's activities. Let us remember that "There is not a joy the world can give like that it takes away."

The 1932 Class History

VOLUMES have been written about Napoleon's triumphant marches; historians have waxed eloquent over Hannibal's journey across the Alps; Caesar's army never lacked scribes. But, either through carelessness or indifference, the advance of an Army of Ambition upon the enemy Ignorance remains yet unrecorded.

A bright September morning in nineteen hundred twenty-eight witnessed the gathering of the army, eight hundred strong, throughout McKeesport and surrounding towns. We moved toward our first objective, the high school, meeting with no casualties on this, our first attack. We were introduced to our non-commissioned officers, Sophomores, Juniors, and Seniors. Our commissioned officers, the Faculty, promised their aid in molding soldiers out of raw recruits. Our Commander-in-the-Field, Mr. Bower, and his aide, Mr. Lawson, assumed their places in the advance guard. With our Commander-in-Chief, Dr. Richey, planning the campaign, we moved forward and besieged the enemy.

We skirmished with Algebra, Drafting, and Civics. Some of our comrades went down during the wily attacks of Latin, English, and Pattern Making, under the command of General Science. Four times during the year counter-attacks were made by the Enemy in the form of Exams, and we were forced to dig trenches to hold our positions. Those of our comrades who fell fought valiantly to the end.

Meanwhile, we had joined the various Corps. We served the Annual, the Red and Blue; we cheered our warriors on the football gridiron and on the basket-ball floor. The glee-clubs, bands and orchestras were augmented by our enlistments. These side activities helped us to enjoy our life in barracks.

To test our strength further we were subjected to Fire. This marked the only time when we were routed from our trenches. We returned immediately, however, and took up the battle where we had left it.

Thus passed a year. After a short furlough, we were recalled to the Front, and as Sophomores we continued our battle. We met new foes and won new victories. We watched the new recruits, the Freshmen, become accustomed to their duties, and as befitted our position, we helped them whenever we could.

Thus passed another year. Again we returned to our studies, this time as Juniors. We were upper-classmen, and our dignity was well suited to our rank. We were further in the advance guard than ever, and we helped bear the brunt of attacks. Our officers have taken critical reckoning of us, and are preparing us to take the lead next year.

Anxiously we await the clarion call to Battle. We are eagerly seeking the opportunity to grapple with the foe at close quarters. We are confident of victory. The call to advance shall not find us lacking.

Forward, march!

The 1933 Class History

Little frightened Freshies came to school to find
Gold that is mined in school books, texts to improve each mind;
To learn each lesson very well, and memorize each rule,
And join in every enterprise the class took up at school;
And buy the season tickets for the football games; then, too,
For basketball, and buy and sell our paper, "Red and Blue;"
To take part in the programs our section rooms put out,
And to cheer the Alma Mater
With a
Hearty
Shout.
After the first six weeks of school came examinations.
How we thanked our stars that we had learned English quotations!
How we gloried in the fact that we passed every test,
And wondered if we had been more lucky than the rest.
Still we kept on learning, and hoped we wouldn't find
Any of our friends had flunked and had been left behind;
So we struggled onward to do what we were about,
And to cheer the Alma Mater
With a
Hearty
Shout.
Now as Sophomores we return to work and laugh, it's true,
At the Freshies' blunders that we pulled all last year through;
Now we settle down to work and labor with a will;
We are thirsting for great knowledge and can never get our fill.
Well, we know that it is wisdom to study while in school,
To learn our every lesson, and to live up to every rule;
To the goal we are progressing; oh! we know what we're about,
And we cheer the Alma Mater
With a
Hearty
Shout.
We enjoy the band and glee clubs, and the football season, too;
Jokes and poems and news and sport-lights found in every "Red and Blue."
In the Hi-Y and the G. R., we have met and made new friends
That we hope to keep by showing loyalty to the end;
Concerts, French play, operetta, keep the air electrified;
Competition, keen yet friendly; varied talents side by side,
To our "Junior" goal we'll struggle—fun and work allied, no doubt,
And we cheer the Alma Mater
With a
Hearty
Shout.

Orang—"What's the idea of the Darwin's taking French lessons?"

"Heloise—Harold, you've no idea what it meant to me when you kissed me last night!"
Harold—'You've nothing on me. I got a five-spot out of it myself—on a wager!"

Prof. Boreleigh—"If I have talked too long, it's because I haven't my watch with me, and there's no clock in this hall."
Raspberry—"There's a calendar behind you."

"Don't cry, Sonnie, Grandpa will play Indian with you."
"B-but y-you won't d-do any good. Y-you're scalped already."

Alfalfa Bill —"What's the matter with me, doctor?"
Doctor Hooey—"You're not getting enough exercise. You should spend about two months in the city dodging automobiles."

The 1934 Class History

On September 8th, 1930, the largest class to enter M. H. S. awaited the summons of the bell. We were starting on a four year trip up the mountain of knowledge. The gateway to this path was the doors to M. H. S. At the summit beckoning to us was the glory of having graduated successfully and having lived up to the traditions of the "Red and Blue".

The spacious halls seemed to laugh teasingly at us, for once more they were welcoming a group of timid Freshmen. We would have sacrificed almost anything to have secured the ease and confidence of our superiors. The maze of halls stood out for several days as a large puzzle in "red", but this was soon solved. As we trudged along for the first week, a "rain" of books and instructions seemed to threaten to overcome us. The path for a while was rugged and overgrown with underbrush. Large fallen trees delayed our journey. Many strayed from the path, only to be found and brought back by our faithful guides, the faculty. Some, however, became discouraged and were lost forever, as graduation held neither joy nor honor for them. Gradually the path became clearer with only an occasional stone or rough place to mar our journey. Soon we became accustomed to the nature of our travel, and we began to climb in earnest. Report cards increased our interest and gave us a higher ambition. Signs soon began to appear warning us of exams, and we all prepared to cross this mountain stream bravely. Here was a struggle for some, but few were to be held back by turbulent torrents of water. Occasionally our paths were covered with soft velvety green grass, when we spent our various holidays. Far along the path we could see the Juniors and Seniors struggling gallantly.

At last our journey has come to an end, for a time, as we approach a narrow canyon over which runs a small bridge. This is not to be crossed until we have rested for several months, after which we will span the canyon and take up the burdens of the Sophomore year. Those who have traveled thus far can look back proudly on the goals they have attained. A few, however, find it necessary to retreat and start in at the beginning again. Thus, one-fourth of the journey up the mountain of learning has been covered, and we all hope that we have lived up to our "Alma Mater."

Jean Simpson.

Synopsis

Argan is an imaginary invalid, obsessed with worry about his health. He is under the care of Mr. Purgon, a doctor, who with Mr. Fleurant, apothecary, makes frequent calls at his home. He wishes his daughter, Angelique, to marry Thomas, the son of his friend, Mr. Diafoirus, so that he may have a doctor in the family to attend him. Angelique, however, is in love with Cleante, who manages to gain entrance to the house by assuming the role of her music teacher. This intrigue is abetted by Toinette, the servant, who is on the side of her young mistress.

Beline, Argan's second wife, is outwardly devoted to her husband, but schemes to get his money away from him. She summons Mr. Bonnefor, a notary, to draw up his will in her favor. Argan, influenced by his brother, Beralde, and Toinette tests

The Plot

M. Crabuchet, greatly excited, comes into the room and urges the girls to hurry with their work, when two soldiers, Dick and Bob, enter. In an Americanized version of French, Dick does his best to convey to M. Crabuchet that they would like doughnuts and coffee. They finally resort to drawing a picture of a huge doughnut. The drawing is misunderstood. Pierre, a little boy who works for M. Crabuchet, comes in with an automobile tire. He studies English in school and soon interprets the wants of Dick and Bob to his employer, who is delighted to know that the excellent dinner he has prepared for this occasion is going to be appreciated.

Student Banking a Vital School Activity

STUDENT banking has continued to be a vital factor in the school's activities. The interest aroused last year has continued almost unabated throughout the present school term. Although there have been no 100% banking days, yet at no time has the school fallen below 87%.

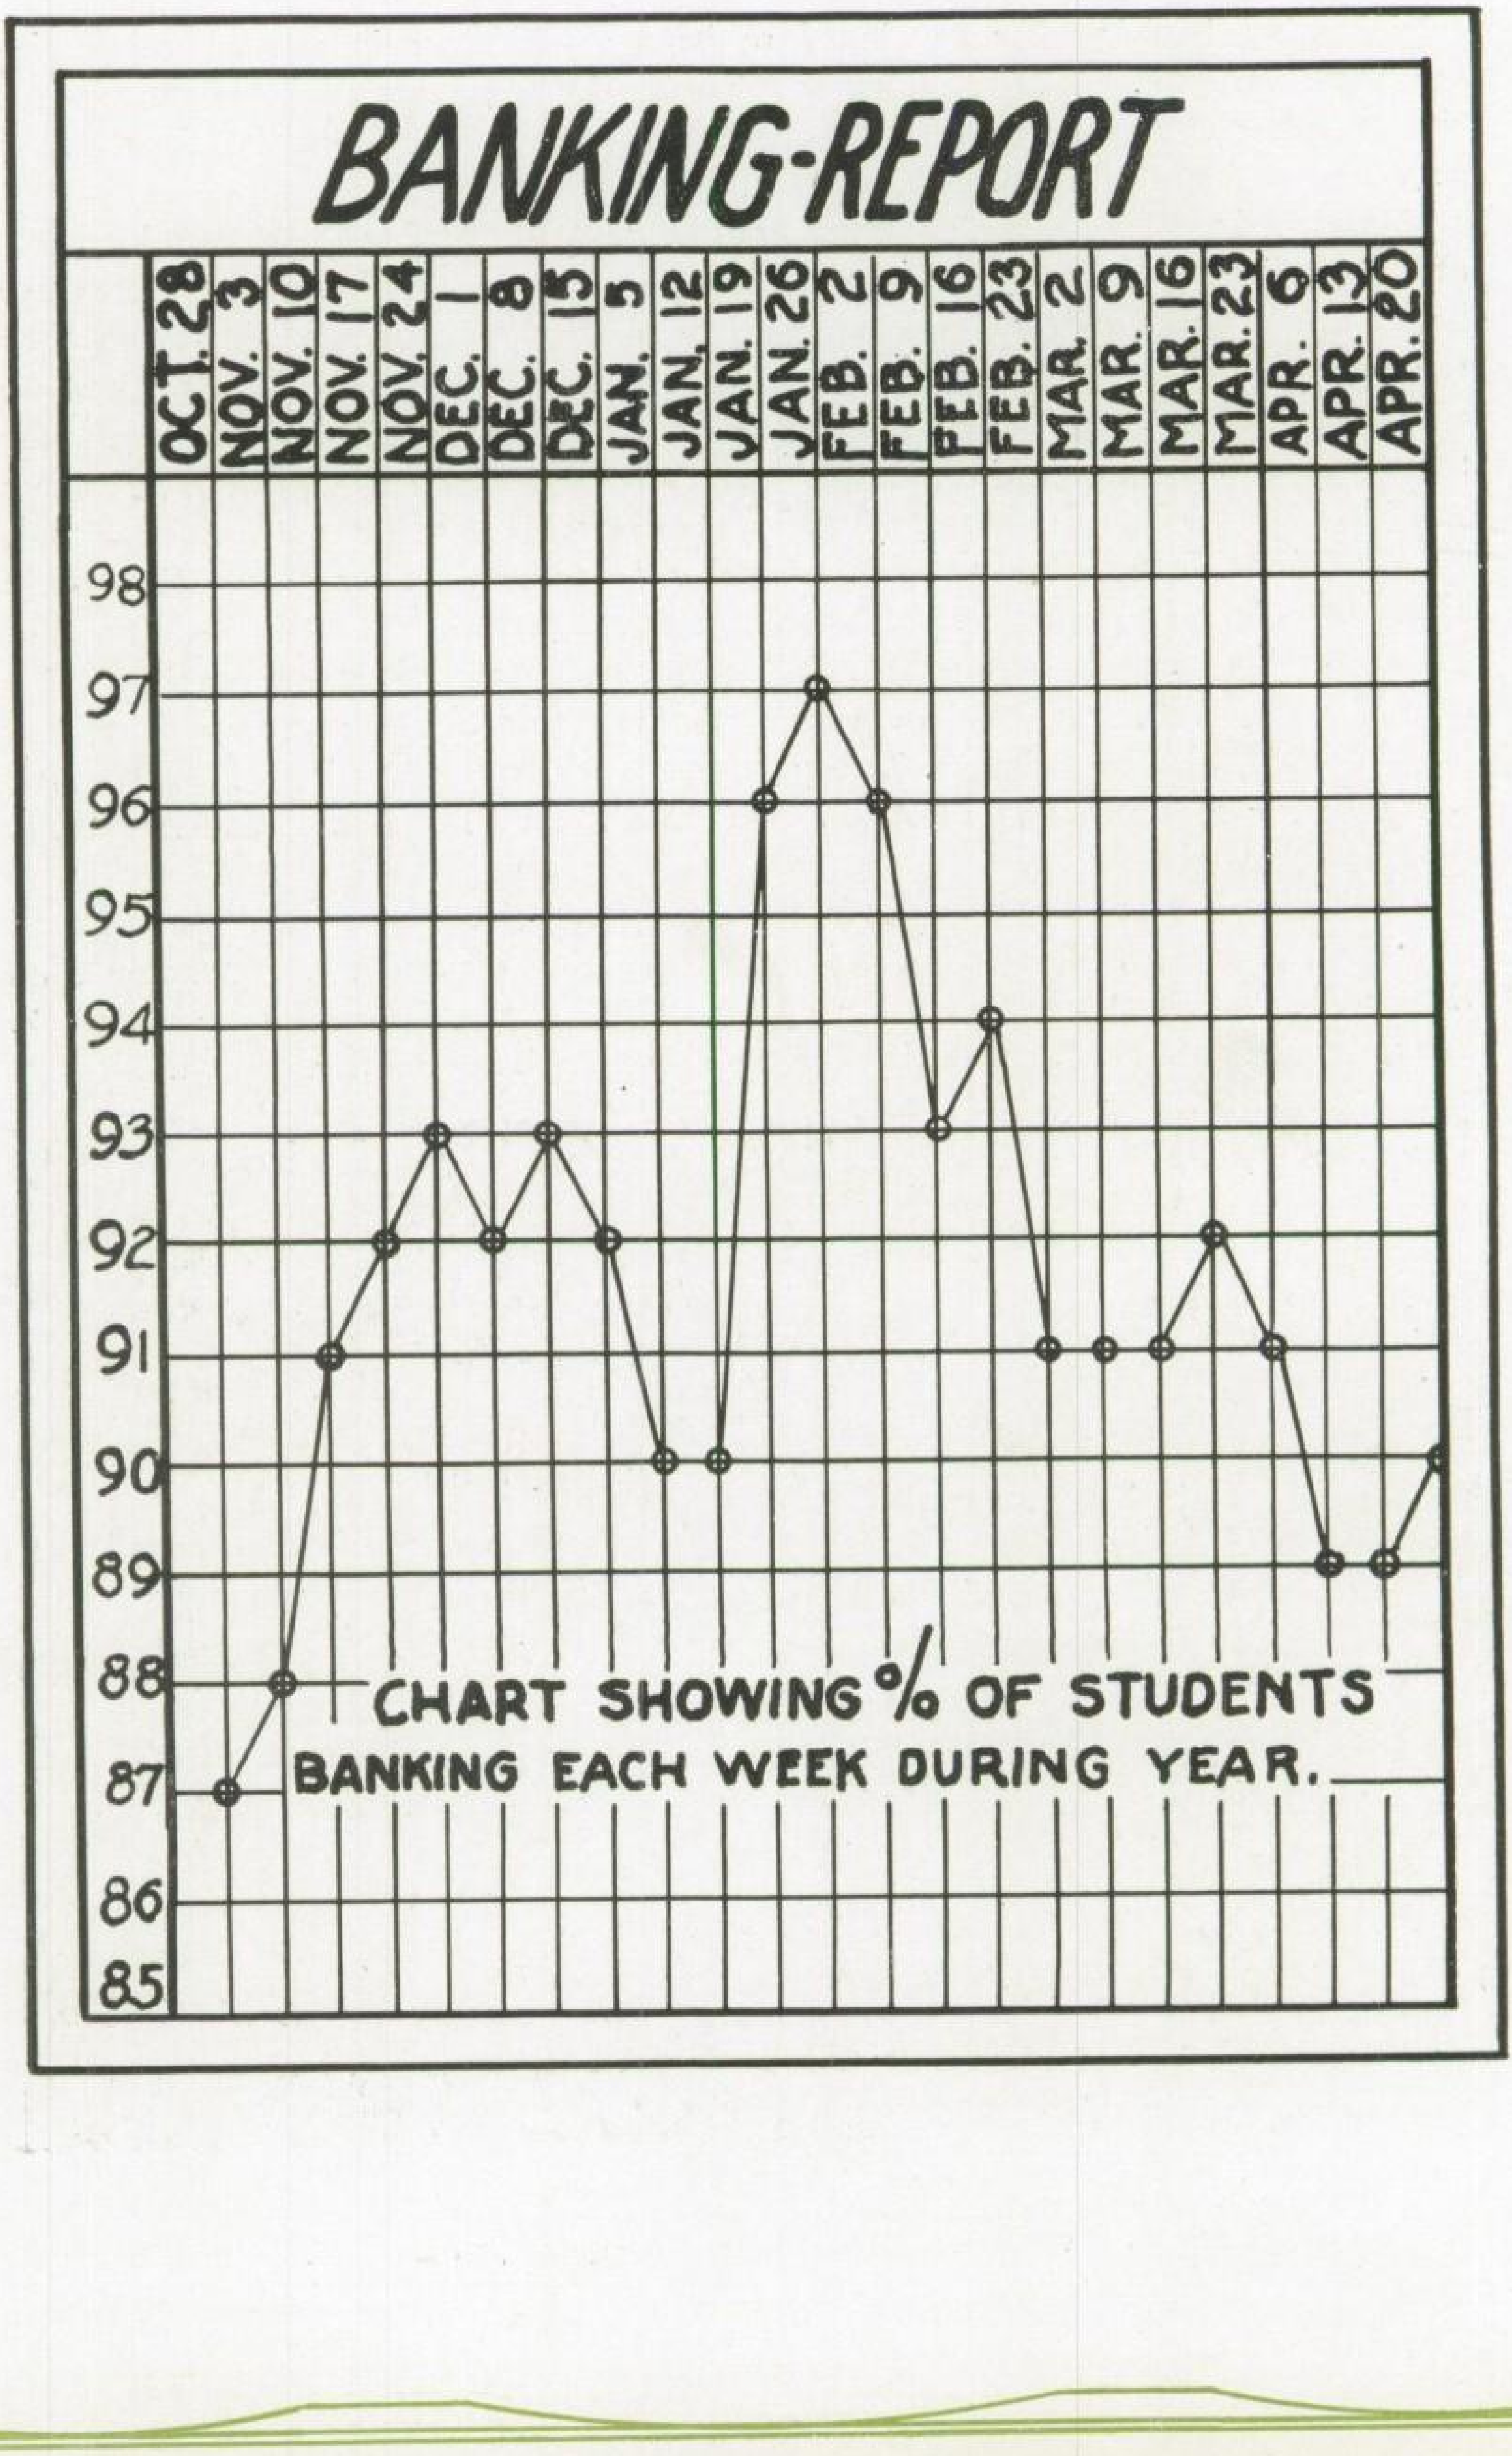

Student banking for the present school year began October 28, 1930, when 87% of the students present made deposits totaling $912.43. Gradually the percentage began to increase, until 97% was reached January 26, 1931. The banking average for the year was close to 92%. These figures are perhaps more significant when we consider that more than 2500 students made weekly deposits. The total deposits for the term exceeded the fine record of last year, when about a total of $17,750 was placed in the savings department. This year the total has reached almost $20,000.

Banking this year engendered class rivalry. For example, the senior section rooms aimed for a greater number of 100% rooms than the rest of the school could present. The following senior home rooms maintained a perfect record for the year: 200, 201, 202, 204, 205, 206, 208, 209. These Junior rooms recorded 100% banking days: 101, 108, 125, 215, 216, 218, P. 7, P. 8. The Sophomore home rooms having a clear title were: 104, 106, 112, 120, 312 A, P. 5. P, 6. These Freshman rooms had 100% each Monday: 317, 321.

While each class room sought 100% throughout the year, no class maintained this splendid record. The Juniors, however, made the best attempt. For example, on January 19 and 26 and February 2 all Junior home rooms attained a perfect mark. Thus, we maintain student banking is a decided success in our high school.

The Football Season

A REVIEW

McKEESPORT'S record in football is five victories, three defeats, and one tie. This record is very creditable, considering the class of opposition encountered. Glassport helped open the season here in a game that turned out to be anything but a set-up. The Red and Black gridders presented a stubborn defense, which McKeesport found hard to penetrate, the half ending 0-0. Our boys came back and nosed out a two touchdown victory after a hard battle. Next came Uniontown, and, after almost an hour of football, the game remained at a standstill. McKeesport, although they often threatened, lacked the "necessary punch" to score. On October 11 the Red and Blue entrained for Tarentum, where they met an unexpected defeat at the hands

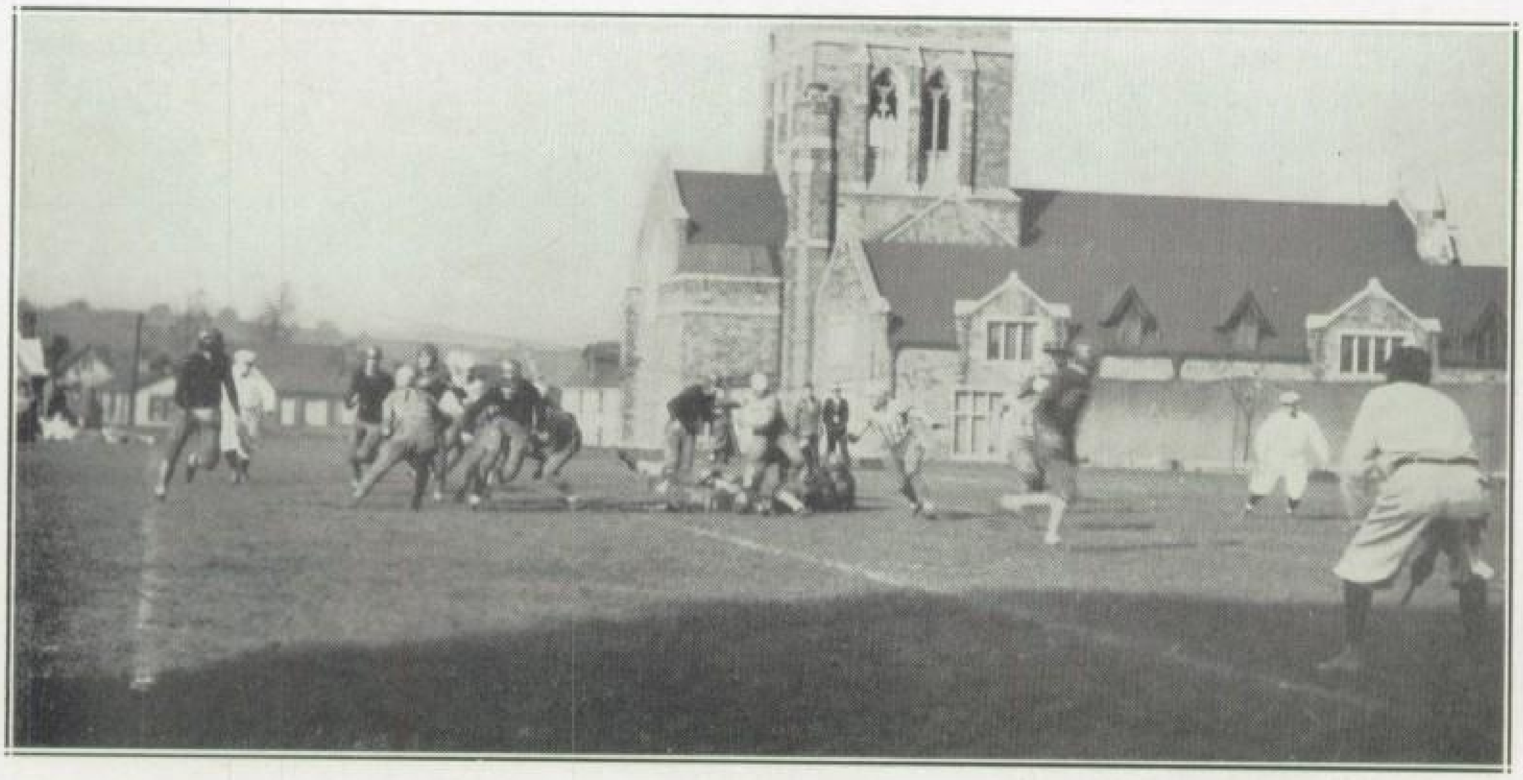

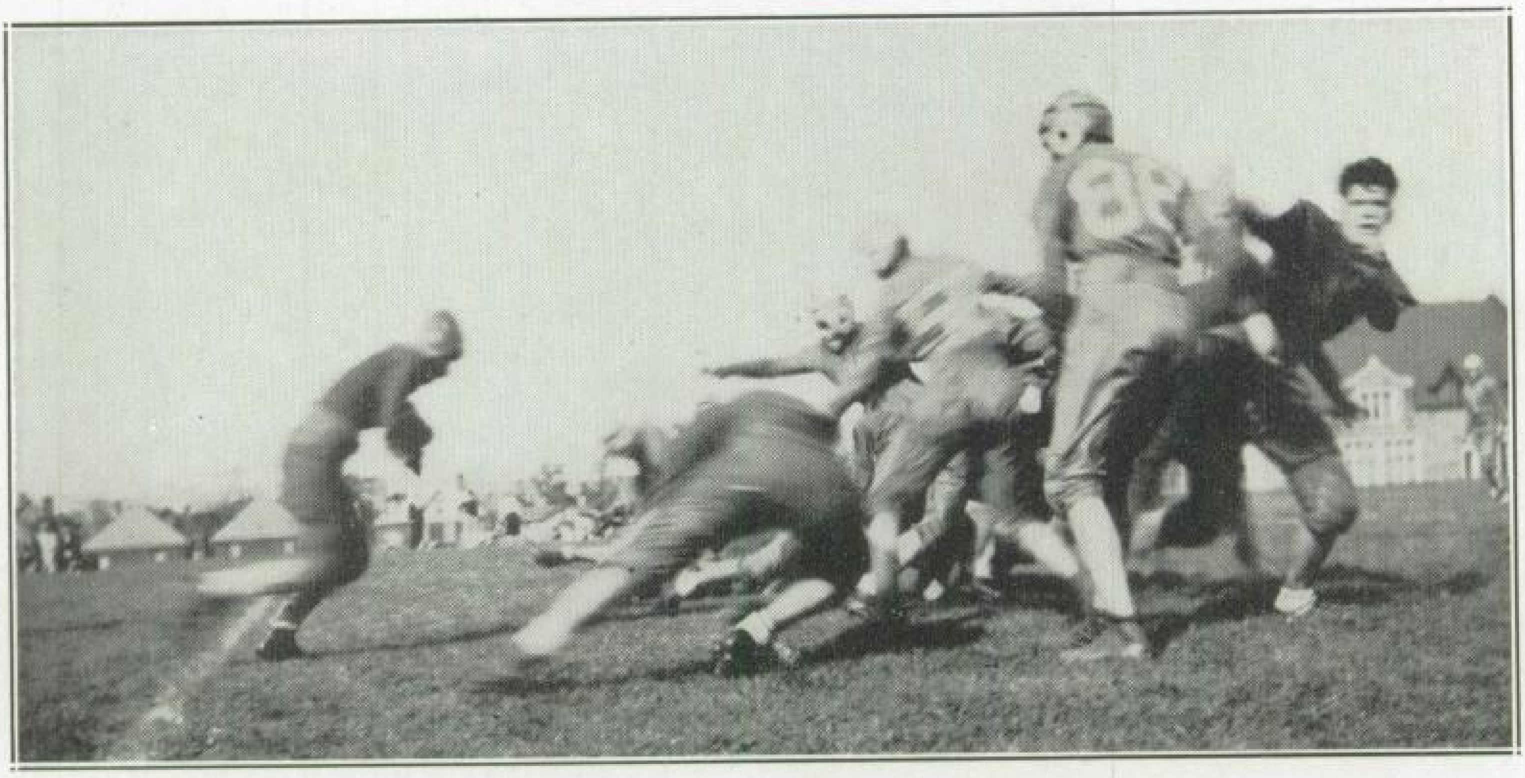

of the Allegheny Valley gridders, 20-0. The next week found them at home entertaining Carrick of the City League, whom they defeated 19-0. On October 25 McKeesport played Connellsville at that place and romped home with a 24-0 victory. The following week found the Red and Blue at the stadium again, this time doing battle with West Newton, whom they defeated in a listless game. On November 8 McKeesport encountered Norwin, a W.P.I.A.L. championship aspirant. After a terrific struggle Norwin was returned the victor on a blocked punt, 2-0. Homestead was our last victory of the season. We won by a score of 21-0. The season was brought to a close with the Thanksgiving game with Clairton on Memorial field. Clairton's onslaughts proved too much for McKeesport. The score was 20-0.

The Baseball Season

A REVIEW

THE HIGH SCHOOL was represented by another fine team last spring. Turtle Creek and McKeesport fought it out for section I honors, Turtle Creek winning the final game 12 to 11. Several newcomers were on the schedule, as Kiski, Shadyside, and Allegheny. Of the nine games played, the locals won five.

The Basketball Season

A REVIEW

THE basketball season of 1930-1931 was not a great success in point of victories. Of the fifteen games scheduled McKeesport won but eight games, losing two games each to Clairton, Homestead, and Duquesne. The last named team, in a play-off with Homestead, won the honors in section VII of the W. P. I. A. L. McKeesport was more fortunate in her floor games with Monongahela, Elizabeth, and Glassport, winning both games with each of these teams.

In a negro school there was one boy so black that even the other pupils called him "Midnight." This was all very well until a new pupil only a few shades lighter than he entered the school. On hearing his nickname by the new pupil, Midnight answered, "Lissen heah, don' you call me no midnight. Yo's about half past leben you'se'f."

"How was the bride's linen shower?"

Guilty Conscience

Pa: "Fritz, go, get my slipper."

Frist Conrad: "Did you say both of them, or-er-er just one?"

Much The Same

Beele Reese: "Have you any thumb tacks?"
Ruth McMillan: "No, but will a finger nail do?"

An actor who earned a large income, but spent it as it came, was stopped on the street by a ragged individual.

"You haven't a quarter?" began the mendicant.

"Who told you"? replied the actor.

A hardened motorist ran down a pedestrian.

"Hey," he shouted, "while you're under there, take a look at my brake rods."

THE FRESHMAN CHAMPIONS
Sitting: Banesky, Cartwright, Zwibel.
Standing: Pazur, Lenhardt, Mikades.

"Have you heard that Goldrocks, the millionaire, is dead?"
"Yes, I'm awfully sorry."
"Why, he's no relative of yours, is he?"
"No; that's why I'm sorry."

"Where did the car hit the man?" asked the lawyer, when questioning the attending physician at the trial.
"At the junction of the dorsal and ceverical vertebrae," responded the doctor.
The foreman of the jury rose in his seat and said, "I've lived in this country upwards of fifty years, and I know every crossroad, but I never heard of any such place; I believe it's a made up case."

Gibson Shaw: "Nell, if I kiss you, would you call your sister?"
Nell: "Yes, but she is not at home."

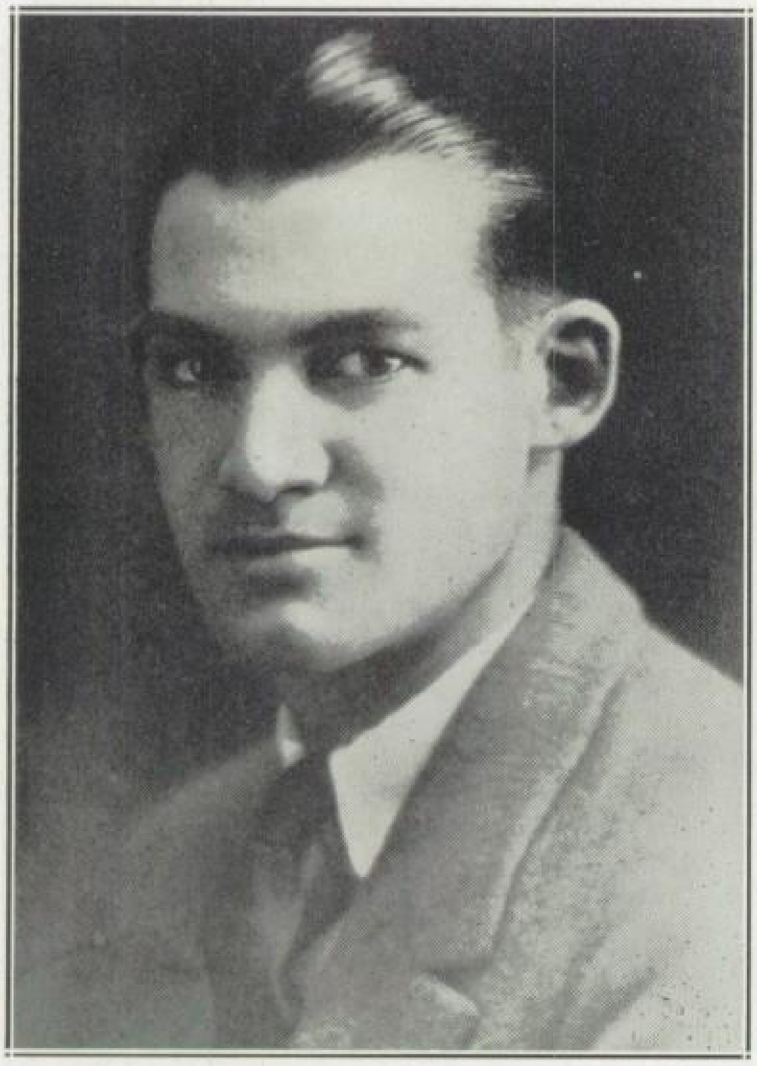

Weary Willie—"Believe it or not, ma'am, but I'm not a tramp. I'm merely walking around the country for a series of prizes."
Lady of House—"And what are they?"
Weary Willie—"Anyone who wishes to contribute a ham sandwich may do so."

Marcus Kozar—"I want you to come to our dance tonight."
Adam: "Thanks, is it formal, or shall I wear my own clothes?"

"Always remember," said Mr. Wiggins, "that what ever you attempt, there is only one way to learn, and that is by beginning at the very bottom. There are no exceptions to this rule."
"None at all", asked his son?
"None", said Mr. Wiggins.
"Then," asked his son. "How about swimming?"

Physical Education

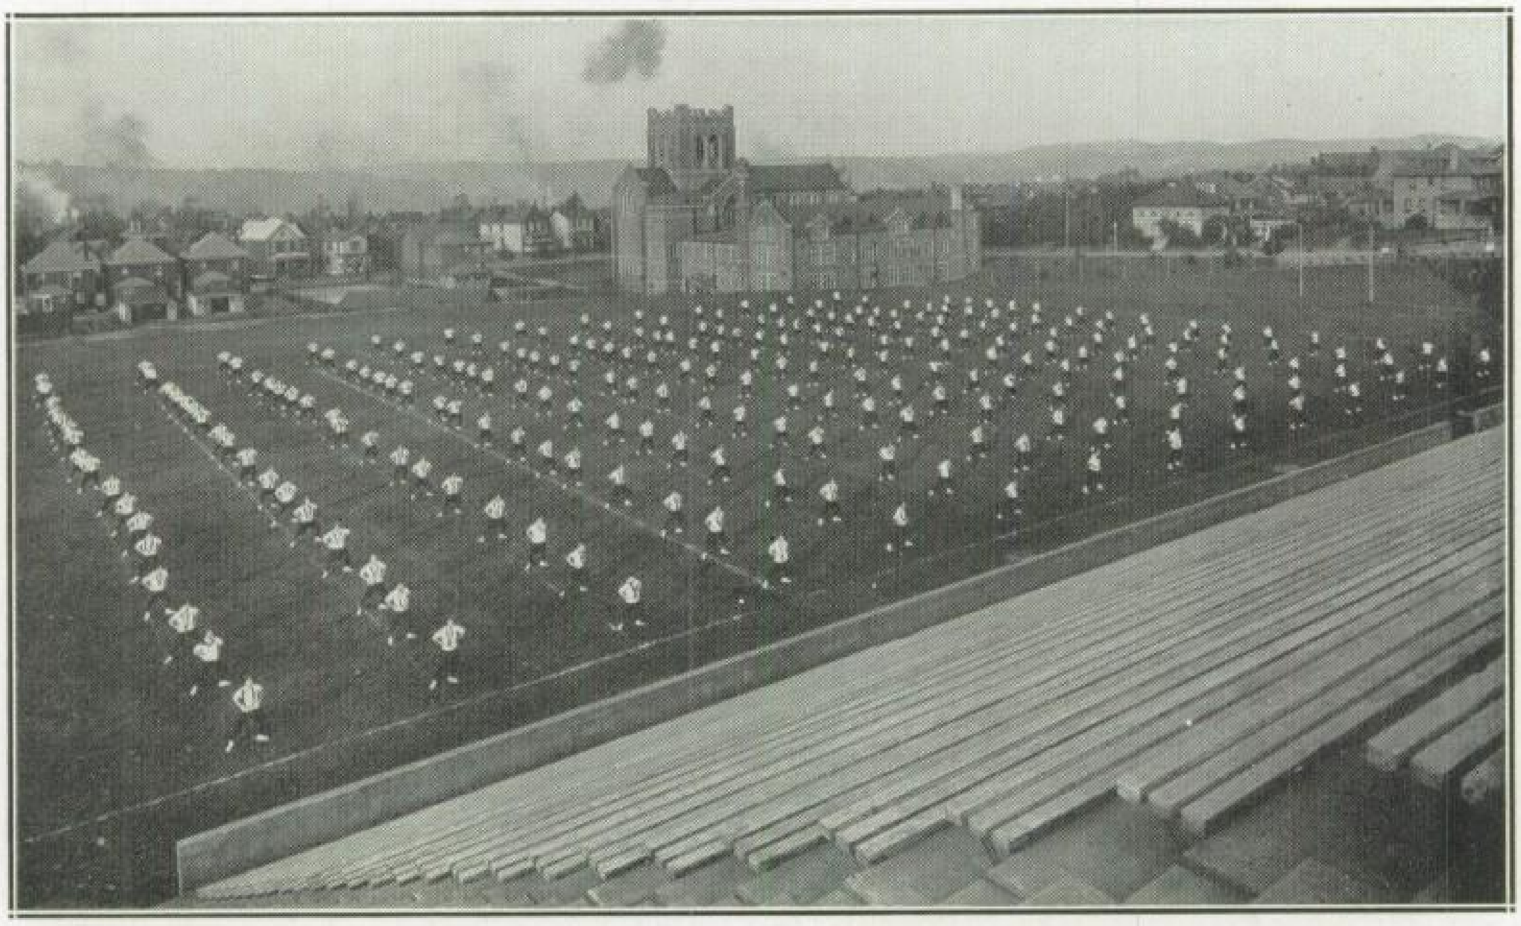

GYMNASIUM work in the high school has kept pace with the fine work done in the class-rooms and splendid victories on the diamond, court, and gridiron. The aim of the physical education department has been to provide every boy and girl with clean and wholesome exercise. The usual gymnasium work, as dumbbell exercises, wand work, and club swinging, has been supplemented with basketball games and other group exercises. Both gymnasiums are busy all through the day. In fact, physical education is receiving a just and proportionate attention in the high school.

Its fluctuations and its vast concerns?

To peep at such a world—to see the stir

WILLA CARNAHAN

Secretary, Class of 1931

5—All roads lead to McKeesport. Dr. Richey's meeting in the Shaw Avenue building brings all teachers together. We gaze on new faces; we renew old acquaintances; we recall the summer's experiences.

6—The teachers of the high school report to our building for a conference with Mr. Bower. New teachers are introduced to their rooms. Schedules are given out, and text books distributed.

7—We all rest up for the big pull to shore—June. This is our last free day.

8—School actually open. Close to 3,000 students head their way toward the "citadel on the hill." Of course, the "Freshies" soon become lost in the grand rush to the class rooms.

9—Class work begins. Every nook and crany of the building is filled to overflowing. Our Industrial Freshmen are located in the George Washington building. Football candidates begin intensive training for the 1930 season.

10—Music clubs begin to organize. Everybody seems anxious to join some club.

12—The library books begin their circulation. Most of us are glad to get our set.

15—Daily attendance slips are now made out: we must report punctually to classes.
Teachers are happy; they get two weeks' pay.

26. Football tickets go on sale for the first time. All games are to be played on the Soldiers' Memorial Field.

27—We enjoy our first football victory of the season. Glassport plays a fine game, but we finally win 13-0. A good start for October!

28—We go back to sun time; everyone enjoys the "extra" hour.

29—Home rooms are organizing this week; from now on we will have weekly programs.

30—A big pep meeting is held in the auditorium to arouse greater interest in the coming games. Captain Flynn and Manager Schultz give short talks to the student body.

3—Today finds us at the end of the first school month. Only eight months of school life remain for many of us. We hold a big pep meeting in the auditorium to boost the Uniontown game.

4—Uniontown High entrains for Memorial field. The game ends in a scoreless tie. Some of us meet Mr. Lubold, principal of Uniontown High, but formerly physics instructor in M. H. S.

6—The Senior class is organized in the Auditorium. Election of officers is held in the home rooms. Wm. Hart heads the list as class president.

8—Teachers get a payday thrill. We get a thrill, too; grades for the first month are exchanged.

9—Report cards go out for the first time. Joy for some; tears for the rest.

10—Mr. Birch, the school photographer, "shoots" the three under classes on the stadium steps.

11—The Varsity travels to Tarentum High field to defend our laurels. Tarentum is too much for us; we lose 20 to 0. We have a little solace; our Reserves down North Braddock Junior High 18 to 6.

12—Columbus day is observed throughout the nation. Home rooms cover the life and accomplishments of Columbus.

14—The Seniors have an enjoyable chapel this morning. During the lunch hour Mr. Birch photographs the faculty. Work on the pictorial side of the annual is now started.

15—We contribute money to the Salvation Army. Our students respond splendidly to the cause sponsored by the Army.

18—Carrick High invades Memorial field, but our Varsity proves too strong for the Carrick gridders; the score is 19 to 0.

20—We receive disconcerting news; exams are to be given October 24 and 27.

24—The toil begins; we take the first half of the set. Grief and pain for some; joy and satisfaction for most of us!

25—The Varsity invades Connellsville. Good news reaches us; we win by the top-heavy score of 27 to 0.

27—Monday finds us taking two more exams. We have one consolation—no more exams until December 19.

28—Banking begins in the high school. 2288 students in our building bank $912.43. 87% of students present heed Mr. Bower's advice.

31—Today ends the second month of school. It will soon be Thanksgiving, then Christmas.

1—West Newton is our opponent on Memorial field. We win by the score of 18 to 0.

3—2288 bank $791.04. 88% of us enter deposits.

4—Voting day throughout Pennsylvania! Many of our citizens visit the high school polls. The park issue on which we wrote compositions is passed by our citizenry.

5—The teachers have another treat; it is pay day for them. Mr. Weigle addresses the Hi-Y at the Y.M.C.A.

6—This is a patriotic day; report cards show the national colors.

7. Norwin High, of Irwin, stages a great game with our varsity. A blocked-kick enables Norwin to win the bitterly-fought contest by the score of 2 to 0.

10—Tomorrow is Armistice Day. Many of us plan to march. Banking day is profitable. 91% of our students bank $764.66.

11—Armistice Day is a rainy day. Because of the inclement weather a small crowd turns out to see the McKeesport Juniors trim the Norwin Juniors 20 to 7.

13—Exam papers are being returned. They are received gladly—and, otherwise.

16—The Varsity, reinforced by loyal rooters, goes to the stronghold of our old enemy, Homestead. We win by the fine score of 21 to 0.

17—Banking day comes again. We bank $807.26.

18—The Seniors hold a meeting in the Auditorium to discuss plans for a holiday dance.

21—We have chapel boosting the sale of the Red and Blue—the school paper. Gibson Shaw and James Mack set forth reasons why we should subscribe for the paper.

24—2430 students observe banking day, 93% registering deposits.

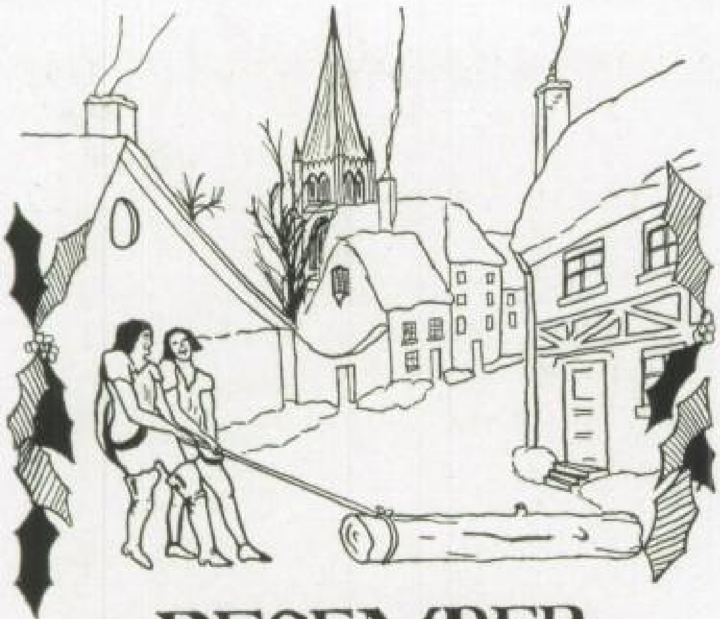

25.—President William Hart announces the holiday dance committee. Plans to finance the dance are discussed.

26—School has some compensation; we have two whole days of vacation ahead of us.

27—Clairton High invades McKeesport. On a frozen gridiron the two teams clash. McKeesport High is compelled to yield supremacy to Clairton High. The score is 20 to 0.

27-28—The teachers of our city assemble for two days' institute in the anditorium of the shaw Avenue building. Dr. Richey has provided an unusually fine program for our teachers.

1—Banking day finds 2411 students making deposits. The total amount banked is $719.39.

3—The third month of school ends today. We are not sorry; only seven months more, and then —summer vacation. We Seniors report on our library books.

5—The first issue of the "Red and Blue" comes off the press. The paper proved interesting and worth while. The staff is to be commended for the initial issue.

8—A grand rush for the teachers! It is pay day for them. For us, just another day of school! 2416 of us deposit our "hard earned" pennies.

9—We get off to see the Christmas parade sponsored by our merchants. The parade lived up to the one staged last year. It brought back "Mother Goose" days to all of us.

10—Everyone is not happy; we return grade cards covering third month of school.

12—We all receive tragic news; exams will be held just before the Christmas recess.

15—Banking day has come again. 2402 of us students bank $776.63. Since November 3 we have maintained over 92% in banking.

16—We enjoy a fine chapel today; a glee club sings for us in chapel. We wish all the clubs would entertain us. McKeesport High won over Glassport 26 to 12.

18—Again we face the acid test. The first half of the exams is given this morning. For many of us they are conquerable.

19—With the holidays just ahead of us we take our last exams this afternoon. They are not so hard. The fear of the exams is perhaps greater than the real tests themselves. Four o'clock finds us reading the second issue of the "Red and Blue". This issue is even better than the one of December 5. Dull care soon disappears; we are free for two weeks. The teachers scatter to the four winds. Miss Woods is to represent us at the state teachers' meeting at Williamsport December 29-30. For the next two weeks Mr. Birch's studio will be crowded; over 480 Seniors are to pose for the Annual pictures. We will soon find out how "good looking" we are. The basketball Varsity travels to Monongahela; we win by the one-sided score of 32 to 10.

1—Today begins another year for all of us. For us Seniors it will be our last New Year's in high school.

2—The Senior holiday dance is staged in the Masonic Temple. It is a success in every way, and everyone is happy.

5.—School again starts; most of us are ready to battle with physics, biology, and mathematics. One of our English teachers has deserted her post. Some fine man has changed her vocation. Banking dropped to 90% today.

6—The Seniors receive their proofs. My! how few of us are good looking! Basket ball tickets go on sale. Elizabeth High opens the local schedule, but our boys are too good for them—36 to 12.

6—McKeesport High is Duquesne's rival today; we lose by the score of 32 to 20. Zeleznik is too much for our guards.

12—The effects of Christmas are still seen on our banking. Only 90% of our students hearken to Franklin's sage advice.

13—Glassport High is our opponent in the local gym. The Varsity smothers the opposition 41 to 19.

14—Today marks the end of the 4th month. Posters appear all over the building announcing the date of sale of 1931 annual. Mr. Bower announces the coming glee club concert.

16—Munhall High is our guest tonight. Our Varsity wins a bitterly-fought battle by the score of 24-23. An extra period is necessary to settle the contest.

19—Banking reaches a new high level; 96% of the student body make deposits.

20—Homestead High, one of our ancient rivals, "came, saw, and conquered." We lose by the score of 20 to 18. The Campbellmen need an extra period to turn the trick.

22—Grade cards are passed this afternoon. Cheers for some; tears for a few! Annual staff dedicates 1931 annual to Miss Margaret Dunlap. Prof. Ell S. Day, former assistant principal and head of the Latin department of the high school, dies at his home on Bailie Avenue. His passing is mourned by countless students and old friends.

23—This is Potato Day. Our students respond in fine fashion. The front hall looks like a vegetable cart. We hold a benefit concert in the auditorium at 8:15. Standing room only! Our basketball team loses to the Clairton Varsity, 28 to 17.

26—We lack less than 3% of reaching 100% in banking today. 2473 students in our building help to make saving profitable. Our faculty participate in a general teachers' meeting in the Shaw Avenue building.

27—Annual staff reports to the Birch Studio.

28—Dr. Richey pays us a visit. Monongahela High plays on our court. Of course, we win again. This time the score is 31 to 19. The Reserves also win in an extra period battle, score 13 to 11.

The Music Department

THE MUSIC ORGANIZATIONS have enjoyed another fine year of musical achievements. The concerts staged by the glee clubs, orchestras, and the bands have merited unusual comment. Many of the selections rendered have been above the usual standard of high school productions. The orchestra was signally honored by having three members of the club play in the All-Eastern orchestra, which performed at a big gathering of music teachers at Syracuse, New York, last March. Those thus honored were Elmer Horvath, viola, Fred Edinborrow, bassoon, and Edward Garbett, oboe.

As in other years, Mr. Stribrny had supervision of the orchestras and the bands. Miss Wallace directed the work of the glee clubs, except that of Freshman Girls' Glee Club. Miss Hoover had charge of the latter club. She conducted the music classes for the Industrial students in the George Washington building. Miss Wallace and Miss Hoover directed the music activitie; for the Freshman class.

Music Clubs Stage Opera

"ROSAMUNDE"

Cleverly presented in the High School Auditorium, May, 1931.

The music clubs of the high school brought to a successful close the musical activities of the high school with a splendid presentation of the pastoral operetta "Rosamunde". Each principal was cleverly supported by the cast and chorus. The rendition of the opera received much favorable comment, and reflects great credit on the music department.

THE ARGUMENT

Lord Albanus of Cyprus has summoned Frederick, Prince of Candia, to head a revolution against the tyrannies of the usurper King Fulgentius. Frederick's ship has been wrecked on the coast, all drowning except himself. While disguised as a shepherd, he has met Rosamunde, a shepherdess. At the opening of the play he has declared his love for her, when Albanus arrives to tell him the plot has failed. He urges Frederick to return home, but he refuses, saying that he will play his own uprising against Fulgentius.

While on a hunt, Fulgentius, with his daughter Hermina and the court, comes upon Rosamunde and her companions. The king, too, falls in love with Rosamunde. While Fulgentius makes his advances, Candia tried to ambush him. Though the attempt fails, and Candia escapes, the king orders Rosamunde held as a hostage. Rosamunde's foster-mother then produces evidence that Rosamunde is the daughter of King Alfredo, from whom Fulgentius had usurped the throne. On account of her royal birth, she cannot be arrested. Because he suspects the king of treachery, Candia has the shepherds kidnap Hermina and hold her as a hostage. On finding Hermina gone Fulgentius seizes Rosamunde, holding her responsible for the kid-naping and consigns her to the dungeon of the castle. Candia, whose identity is not revealed, is commissioned to find Hermina. Old Aja, aided by the shepherds, seeks to rescue Rosamunde.

Act II takes place in the castle. Here, Fulgentius, fearing Rosamunde's claim to the throne, urges her in vain to save her life by marrying him, thus uniting their rival claims. When Candia returns with Hermina, Albanus warns him not to ask for Rosamunde's life, for Fulgentius suspects him. As a result, Candia asks to enter the permanent service of the king. At this point Albanus persuades Fulgentius not to execute Rosamunde publicly, for he fears an uprising. Instead, Albanus suggests a poisoned letter be given her, causing her to become insane. The king agrees to this suggestion, but his plan miscarries. In the end he receives the poisoned document. At this juncture the revolutionists, headed by Aja, rush into the castle and demand Rosamunde for the queen. Albanus proves Candia's identity. The wedding of Candia and Rosamunde then takes place. Their joint rule over Cyprus is soon fittingly proclaimed.

The Red and Blue

BUILDING on the attainments of their predecessors, the staff of the 1931 "Red and Blue" has attempted to put out one of the best editions of the paper yet published. A number of new and interesting features were added to the paper during the course of the year.

The sales campaign netted a total of 1060 copies. This number, although somewhat lower than last year's figure, was very good, considering the financial condition of the times.

Among the interesting new features was "Breezy Bits," by Walter Windchill, a take-off on the daily news column written by Walter Windchill. The character of the humor column was changed somewhat, under the name of "Noodle Soup." The final important change was made in the make-up of the literary page, through running themes in double columns and boxing short poems. Besides the regularly established columns were the "Tattler," "Consolation," "Woodpecker," and "Music Box."

A great deal of credit for the 1931 "Red and Blue" goes to Mr. L. W. Strong, the faculty adviser, and to Mr. Ernest Cramblet, the printer. Without the unfailing cooperation of these men the staff feels that the paper would have been a very poor publication, to say the least.

In closing, the staff desires to offer their best wishes to those who will undertake to put out the paper next year and in subsequent years, and hopes that those who are to follow will receive as much hearty cooperation as we have received.
